SUMMARY

2020 was overshadowed by a worldwide pandemic that put every correctional institution nation wide and worldwide on lockdown that still has not lifted. The number of COVID19 cases were 4 times that of those outside of corrections. This has put an extra strain on all corrections staff and inmates. Not many know the stress on everyone involved or consider the importance of staff mental & physical health to rehabilitation and safety.

STRESS MANAGEMENT TRAINING

The IAHV & Art of Living Prison Program launched ONLINE sessions, that could even be done from home, immediately to corrections staff. Over 18 courses were taught at all hours of the day and night, several times a month, to reach as many people as possible.

A correctional officer shares his experience after doing the IAHV Prison Program online during COVID https://youtu.be/bk6wBnmP8-Q

The IAHV Prison Program looked to reach the many people in our communities that have been system-involved. We forged partnerships with organizations who assist these individuals and their families. We conducted online courses through You First Medical, the Women’s Wing, and the Parole Project.

Testimonial from our Community Partners Program https://youtu.be/rCd2_HlqmcS
Most facilities haven’t gone virtual yet, so we found a way to do online programming for inmates. The IAHV Prison Program found 3 facilities that were able to arrange for inmates to do the program via Zoom, and we immediately started delivering. In all three detention facilities the inmates participated fully, and had immediate and extremely positive experiences of stress relief and hope for the first time since March. COVID-19 PREVENTION

The IAHV Prison Program partnered to deliver 20,000 much needed COVID masks to US prisons and at-risk communities. The IAHV Prison Program partnered with the eShakti company to get donated masks to correctional facilities and community programs where many people don’t have access to masks. In some facilities people were using home-made masks. So far, 12 different US prisons and organizations have gratefully received the mask donations, thanks to the partnership between the IAHV Prison Program and eShakti.
LETTERS OF COMMENDATION

Office of the Sheriff
Parish of Orleans – State of Louisiana

November 9, 2020

Gabriella Savelli
1155 Prison Program

Serving the Community

Dean Ms. Savelli
Early in this pandemic, the Orleans Parish Sheriff’s Office implemented several measures to prevent the spread of the coronavirus, including, but not limited to, deep cleaning facilities, testing the asymptomatic personnel, testing for antibodies, and providing masks to inmates.

We have completed 6 mass testing of our staff and inmates. In our last mass testing, we had only one positive COVID-19 case out of more than 500 employees and contractors tested! We’re continuing our efforts, but we must not let our guard down. I am committed to mandatory mask testing and mask wearing at the Sheriff’s Office.

That’s why your donation of 1,400 masks is so important to our efforts. It helps us to continue our efforts to protect the community against COVID-19.

Sincerely,

M. N. Gusman
Sheriff

THE WORD

October 8, 2020

Dela, Inc.

On behalf of The Word Church and its Prison & Reentry Ministry, it is with overwhelming gratitude to Delashki for your thoughtful gift of 1,000 face masks in support of our “PROJECT 1000”!

Please accept this letter of acknowledgment of receipt of the masks today, October 8, 2020.

Each year, over 20,000 prisoners released from Ohio prisons and released with only the clothes on their backs and barely enough money for bus ticket back home. Because of your gift “PROJECT 1000” will provide essential face coverings helping 1,000 returning citizens with a measure of safety during this unprecedented time of COVID-19.

The Word Church, Prison & Reentry Ministry relies on the generosity of donors such as yourself and is grateful for your support.

Continue to pray for us as we strive toward the worthy goal of the Gospel found at Matthew 25:31.

Sincerely,

Della E. Motley, Director
Prison & Reentry Ministry

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS

December 2, 2020

Gabriella Savelli
1155 Prison Program
International Association for Human Values

Dear Gabriella,

The Delaware Department of Corrections (DOC) is writing to thank the Prison SMART Program of the International Association for Human Values and the Delashki company for its recent donation of cloth masks. These masks are being distributed to community-based organizations in Delaware that serve individuals exiting the prison system. We are also providing a supply of these masks to each correctional facility to distribute to prisoners and to the inmates who are exiting the facility. We are grateful for the generosity of Delashki and the support of your organization to coordinate the provision of the masks. This will be an important asset to the state of Delaware in mitigating the spread of COVID-19.

Thank you again!

Best regards,

James Chapuy
Chief of Planning
JUSTICE ARTS COALITION FEATURE

The Justice Arts Coalition held a special event to feature the IAHV Prison Program’s transformational work with women. It featured the world premier of a photo research project done with women in two separate prisons who participated in the breathing meditation program.
